Dear Fellow JFK Researcher,

For many years, I have been studying the life and assassination of President John F. Kennedy. I have compiled a Bibliography of books and publications on this subject

I am making this bibliography available to other researchers and compilers. This is simply a collection of any printed material about the life and assassination of John F. Kennedy. All entries are alphabetically listed by author and to date amounts to about 700. Also marked are books I have in my own private collection, which numbers at least 400.

To order the "Bibliography Of The Life And Assassination Of President John F. Kennedy", send a check or money order for $20.00, which includes postage and handling for U.S. only. Outside U.S. add $5 for postage and handling.

Thank-you & Aloha,

Larry
